An example of the untrustworthiness of a section of the Police Force was shown in a case which was investigated at the Magistracy by Mr H. E. Wodehouse this morning. Five lukongs, comprising a boat's crew who were on patrol duty in the Harbour, were brought before His Worship charged by Sergeant Niven with unlawful of the Royal Fusiliers (City of London possession of 225 lbs. of sugar. They pleaded not guilty. The evidence disclosed event or not, it will be at least of interest the following facts. The accused were on for the Colony to know that Col. There were five junks loaded with sugar deal of active service in the field. lying in Causeway Bay on the night of the served in the Afghan War of 1879-1880 17th inst., and the police were asked by the junks. The Chinese policemen evidently thought this a grand opportunity to add to it was observed that lukong 364 carried the sugar ashore and deposited it at No. 1 Macdonald Road, a house occupied by the watchman of the Godowns. A Chinese sergeant saw the augar brought ashore, and he reported the matter to his superior officer. Sergt. Niver went to the house and found morning report, and were sent up for trial to the Magistracy. In deciding the case His Worship said-It is quite evident there has been gross breach of duty. They were put there especially to keep guard overthese boats, and it looks very much as if this was a kind of hush sugar to allow others to steal as much as they liked. Tell bem I am only able to deal with the particular one in whose possession the sugar was found. The others will be reported to the Superintendent. We find that the Mexican dollar and the Hongkong Government dollar are the only tegal tender in the colony and that the supply of Mexican dollars in the London and American markets has very considerably diminished during the past six months. This is chiefly due to the heavy fall in the gold price of silver since the closing of the Indian Mints to the free coining of silver on the 26th June, 1893, and to the rapeal of the Sherman Act in the United States on 31st October last. The Mexican exchange has been unable to adapt itself to the serious decline in the price of silver, me, and I ran also.
